

ImagArena

Offered by Ashland Community Education
(This class is for students in grades K-2)

ImagArena® is an exciting and hands-on program where participants ages 5+ explore the power of imagination through open-ended building exercises. More than a typical building workshop, ImagArena® combines the spirit of an art program, the materials of a building workshop, and the framework of a video game to provide an experience that engages all types of learners. Over the course of 6 weeks students will build and create with over 30 building materials, learn creative problem solving and teamwork strategies, and have the opportunity to share their work with family and friends. Visit www.imagarena.org to watch video trailers, view student creations, and more!
